

"Take My Word For It!" is a Bay area creative writing program that encourages kids to have a grand old time, as well as feel safe and supported while they grow as writers. We have been leading students on word expeditions for five years in after school programs and community settings.

Kids have been writing with us at Los Perales; Bay Farm; Thornhill, Chabot and Kaiser Elementary in the East Bay, and Miraloma Elementary in San Francisco. We have also been turning kids on to writing at 826 Valencia; Book Passage; 18 Reasons and Classroom Matters.

In 2010 we also began teaching women seeking refuge from homelessness and domestic violence at Mary Elizabeth Inn, in San Francisco.

"Take My Word For It!" was founded by Sondra Hall, a writer and parent who believes in the power of the written word to transform.

"Take My Word For It!" , our unique creative writing program, is now in seven schools in the San Francisco Bay area.

We get rave reviews whenever our students share their work – and they get to do that at a special reading we hold at the end of every session.
