

Photo Fun

Time: Thursday 3.05 - 4.05 (1st and 2nd grades),
4.10 - 5.10 (3rd - 5th grades)

Tuition: \$150 (11 weeks)

Location: P -12

The Spring session is 11 weeks and starts on **Monday, March 22** and ends on **Friday, June 11**. There is a one week spring break the week of April 5th.

This class aims to encourage kids to think creatively about imagery by experimenting with basic composition, light and shadow, color, texture and simple story-telling techniques. We will talk about the basics of photography, (shutter speeds, aperture etc.) but our focus will be on thinking creatively - rather than technically, to produce more effective pictures.

****Students are requested to bring for their own use a simple, point and press digital camera (with compatible cable for downloading images in class) for which they will be responsible.**

There is a six students minimum and a maximum number of ten. One scholarship place is available. For details please contact Mr. Mayer. For further information please contact Rebekah Bowman at rebekahbowman@gmail.com , 415 351 8291

REGISTRATION FORM

Students Name _____

Parent/Guardian's Name _____

Grade _____ Teacher _____ Room Number _____

Home Phone Number _____

Emergency Contact Number _____

Attending AT Program after
class? _____

Registration will be confirmed by email or phone.
